

# United States Lactation Consultant Association 2017 CONFERENCE REGISTRATION

*We look forward to seeing you  
at the second USLCA national  
conference, May 3-6, 2017,  
at the Hyatt Regency Hill  
Country in San Antonio, TX.*

USLCA is pleased to welcome you to its second national conference, *New Horizons in Clinical Lactation*, located in the beautiful Texas Hill Country. The 2017 conference will offer something for all professional levels. Seasoned IBCLCs will rejuvenate, revitalize and refresh their clinical practice while those new to our profession will have the opportunity to meet and network with nationally-recognized mentors, while obtaining valuable, high quality education.

### *At a glance preview of the jam-packed conference!*

- Obtain all 5 of those elusive E-CERPS at one venue
- 54 breakout sessions, 5 plenaries, poster sessions, and breakfast round table discussions -- something for everyone!
- Pre-conference day on May 3, with 6 sessions on topics such as palate variations, assessment for oral anomalies, and manual techniques to implement in your practice.
- Working on licensure in your state? Participate in the mock legislative hearing and attend the breakout session presented by an attorney whose state achieved licensure of the IBCLC.
- In private practice? Learn about coding for reimbursement, tools to help your practice run smoothly, and interventions for problematic situations.
- Tongue-tie got you tied up in knots? Come to the special 2 hour panel discussion on tongue-tie.
- Hospital-based? With some of the Baby-Friendly practices under fire, learn best practices to keep babies safe.
- All of this set in the beautiful background of San Antonio- famous for the Riverwalk, Mexican markets, fabulous food and fascinating culture!

### **Who Should Attend?**

*Bienvenidos a todos! (All are welcome). All healthcare providers who want to enhance their breastfeeding support for mothers and infants will want to attend - IBCLCs and other lactation support providers, physicians, nurses, midwives, registered dietitians, and more!*

*Bring your family! With a wide variety of on-property activities available for all ages from kids to seniors, this resort is the perfect spot for a family getaway!*

## About USLCA

The United States Lactation Consultant Association (USLCA) is the professional association for US-based International Board Certified Lactation Consultants (IBCLCs) and all other health care professionals who care for breastfeeding families. USLCA membership is open to all who support and promote breastfeeding; you can join at any time and do NOT need to be an IBCLC to be a member!

**Mission:** *To advance the IBCLC within the United States through leadership, advocacy, professional development and research.*

**Vision:** *A nation where all families have access to IBCLC care as a foundation of optimal health and wellness.*

## Contact Hours

All lactation consultant and nursing credits are based on a 60-minute unit. USLCA is an approved provider of Continuing Education Recognition Points (CERPs) with the International Board of Lactation Consultant Examiners and continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. The conference is approved for 25.5 CERPs and nursing CEs.

## USLCA member discount

There is no better time to join USLCA than right now!  
Members receive the discounted member conference rate!  
Join online now at [www.uslca.org/join](http://www.uslca.org/join).

## Registration/Contact Info

Online registration makes the process easy and paper-free!  
Please go to [www.uslca.org/new-horizons](http://www.uslca.org/new-horizons) for a simple and quick way to register. For more information, contact the USLCA office at: 202-738-1125 or [info@uslca.org](mailto:info@uslca.org)

## Important Dates to Remember

<b>February 28</b>	Early Bird Registration deadline
<b>March 31</b>	Deadline to cancel conference registration for a full refund minus a \$75 processing fee
<b>April 7</b>	Discount deadline for USLCA rate at the hotel (based on availability)
<b>April 20</b>	Standard registration deadline. Deadline to cancel conference registration for a 50% refund
<b>May 3-6</b>	2017 USLCA Conference-New Horizons in Clinical Lactation

## Cinco de Mayo PARTY

FRIDAY, MAY 5

Join your colleagues and bring your family for a fiesta themed evening at the Hyatt Regency Hill Country's festive Luckenbach Pavilion. Tickets include admission, food, and entertainment from 7:00-9:00 pm

## Special Interest Group Meetings

Special interest group meetings will take place during lunch on FRIDAY. Contact the USLCA office to arrange a meeting or check the on-site schedule to find an opportunity to connect with colleagues.

## GENERAL INFORMATION USLCA 2017 CONFERENCE

### Hotel Reservations

#### Hyatt Regency Hill Country Resort and Spa

Nestled on 300 acres of the Rogers-Wiseman family ranch, the San Antonio Hill Country resort & spa offers a unique blend of countryside relaxation and casual elegance. Experience Texas-sized hospitality, the inviting charm of a ranch house, and the amenities of a luxury resort. Float down the lazy river, pull up a rocking chair on Aunt Mary's porch, or tee off on the beautiful 27-hole golf course. At Hyatt Regency Hill Country, you will enjoy a wonderful retreat that feels a world away, but with the convenience and fun of San Antonio just outside your door.

**Hyatt Regency Hill Country Resort and Spa**  
9800 Hyatt Resort Drive  
San Antonio, Texas, USA, 78251  
Tel: 210 647 1234

The special USLCA conference rate is \$194 single/double and is available for room stays between April 29 and May 7. The special room rate will be available until April 7th or until the group block is sold-out, whichever comes first.

**Hotel reservations may be made through the Hyatt Regency Hill Country Resort & Spa by visiting: <https://resweb.passkey.com/go/USLactationConsultants> or call 1-888-421-1442 to reserve over the phone. Make sure to reference USLCA for the conference rate**

### Roommate listings

Want to meet new colleagues or reconnect with old friends? One of the enhancements that large conferences offer is the wonderful opportunity to network. **To add your name to a list of colleagues looking for a roommate, visit, <https://uslca.wufoo.com/forms/conference-roommate-list/>.** This list will be shared with all inquiring to contact and identify a suitable roommate. Make sure to submit your name and contact your potential roommate prior to making your hotel reservations to work out the details.

### Directions and Transportation

The Hyatt Regency Hill Country is located at 9800 Hyatt Resort Dr., San Antonio, TX, 17 miles (22 minutes) from the San Antonio International Airport (SAT). The hotel does not provide shuttle service.

Go Airport Shuttle is available from the airport. They can be contacted at 210-281-9900 or online at [www.goairportshuttle.com](http://www.goairportshuttle.com). Ride share services such as Uber and Lyft are also available. Taxi or car transportation can be arranged through the hotel concierge. Taxis are readily available at the airport.

### Parking

Hyatt Regency Hill Country Resort and Spa offers ample parking options for overnight guests and daytime visitors to the resort. In addition to the free self-parking, valet is also available for \$25/night.

The parking lot is monitored 24-hours a day, 7 days a week by hotel security.

Oversized vehicles, including small trailers will be directed to use valet parking at \$25 per space per night based upon availability. Please see Security to be directed to a space.

### Cancellation and Refund Policy

All refund requests must be received no later than March 31, 2017, for a full refund, less a \$75 processing fee. Cancellations received between April 1, and April 20, 2017, will be eligible to receive a 50% refund, less a \$75 processing fee. All refunds will be made after the completion of the conference. No refunds will be given for cancellations made after April 20. Attendee substitutions may be made at no additional charge for the exact registration.

### Families and Babies

USLCA is committed to providing an environment conducive to learning for all Conference attendees. Quiet infants in arms and non-separating children are welcome. As a courtesy to other participants, and to avoid being asked to step out of the session room, please attend to your child's noise or fussiness promptly. A private room for breastfeeding or pumping will be available for mothers.

### Conference Volunteers

USLCA's conference is an exciting way to be involved in your professional association. Numerous volunteers are needed to assist with registration, introduce speakers, assist with silent auction, stuff tote bags, and monitor session rooms. Take this opportunity to participate fully in the conference and contribute to USLCA's success while forming new friendships.

Family members are welcome to volunteer as well! Volunteers will be contacted by email and are asked to attend an orientation session. Please be sure to make this selection during your registration if you are interested in volunteering. For further questions on volunteering, email [conference@uslca.org](mailto:conference@uslca.org).

# USLCA 2017 CONFERENCE SCHEDULE

## Wednesday, May 3, 2017 -- 6 CERPs

7:00am- 8:00am	Breakfast
8:00am-9:00am	Clinical Sessions
9:00am-9:15am	Break
9:15am-10:15am	Clinical Sessions
10:15am-10:45am	Break
10:45am-11:45am	Clinical Sessions
11:45am-1:00pm	Lunch
1:00pm-2:00pm	Clinical Sessions
2:00pm-2:15pm	Break
2:15pm-3:15pm	Clinical Sessions
3:15pm-3:45pm	Break
3:45pm-4:45pm	Clinical Sessions
5:00-8:00 PM	Vendor Setup
8:00-9:00 PM	Code Walk Thru with Vendors
7:00-9:00 PM	WELCOME RECEPTION

## Clinical Day Rotations

### Handy tools in your toolbox: Therapeutic Breast Massage and Hand Expression

*Maya Bolman RN, BA, BSN, IBCLC*

To demonstrate therapeutic breast massage and hand expression techniques and when to use them.

### Hands on Workshop: Solutions for Structurally Based BF Problems

*Cathy Watson Genna BS, IBCLC*

Infants with alterations to their body structure can be difficult to feed. This workshop allows participants to practice strategies to help dyads with feeding issues secondary to misalignment of the jaws and neck muscles and cardiorespiratory instability.

### Breastfeeding by the numbers: What do they mean and when are they useful?

*Barbara Robertson BA, MA, IBCLC, RLC*

Numbers are used all the time in the lactation field. Test weights, percentiles, percent of weight gain, are just some of the information that is gathered to help make infant feeding decisions. But what are they really telling us? When are they useful? Using these numbers in a way that actually helps support and promotes breastfeeding is key. Appropriate infant weight gain, how to do a test weight, scale calibration, calculating infant intake, and the possible need for supplementation, will all be covered.

### The History, Physical Exam, and “Latch”: Key Components in a Lactation Consult

*Maureen Dann RN, PNP, IBCLC*

Breastfeeding is not “working.” What critical history should you obtain? What physical findings in the infant and mother could reveal clues to the breastfeeding struggle? Does the mother know how to position herself and her infant for a successful latch? We will discuss helpful questions in a history, how to physically assess the infant and mother for possible lactation problems, and review tips to secure a pain-free latch with good breastmilk transfer. An organized approach to your lactation consult can enhance your success, and add efficiency to your busy day.

### Where has all the milk gone?: Etiology and Interventions of Insufficient Milk

*Marsha Walker, RN, IBCLC, RLC*

Insufficient milk (real or perceived) is a major reason for formula supplementation. The causes are wide reaching and interventions depend on the etiology of the cause ranging from simply more breastfeeding all the way to the use of galactagogues. There are, however some situations where none of the traditional interventions work. Is there something else going on? New research has identified two areas of concern—genetic and environmental. This presentation will go beyond the common etiology and interventions and look more deeply into genetic and environmental contributors to low milk supply.

### Dental Arch Forms: A review of Palatal Variations and Malocclusion as Related to Oral Restrictions and Airway Patency

*Annette Skowronski DDS, FAGD*

In addition to genetic tendency, unrevised oral restrictions and/or airway obstructions influence the growth and development of the dental arches and subsequent tooth position and occlusion. These factors may also affect the stability of future orthodontic treatment. Dental models at varying ages depicting variant palatal formation and classification of malocclusions will be presented as well as clinical photos for discussion.

## Thursday, May 4, 2017 -- 8.5 CERPs

6:50am- 7:50am Breakfast/Round Tables

7:00am-5:00pm Exhibit Hall open

**8:00 am - 9:30 am Pam McCarthy, MS, RD**

**Title: Heart button counseling: triggering emotional drivers to increase breastfeeding success**

**Description:** Most moms want to feel like a “hero mom.” They want to reinvent the best life possible for their child. In this session, you’ll learn how to trigger those powerful emotional drivers that naturally align breastfeeding with the deepest desires of a mother’s heart. You’ll also leave with new tools to introduce breastfeeding initiation and duration to even the most resistant moms.

9:30am-10:00am Break

10:00am-11:00am Breakouts

11:00am-11:15 Break

11:15am-12:15pm Breakouts

12:15pm-2:00pm Lunch/Poster Presentation Session

2:00pm-3:00pm Breakouts

3:00pm-3:30pm Break

3:30pm-4:30pm Breakouts

4:30pm-4:45pm Break

4:45pm-5:45pm Breakouts

6:00 pm-10:00pm Shuttle to Riverwalk, dinner on your own

10:00am-11:00am

Getting people to Yes!: Using influence principles to increase breastfeeding success Part 1 – Pam McCarthy, MS, RD

**TA1**

What’s new in postpartum depression research: breastfeeding is protective – Kathleen Kendall-Tackett, PhD, IBCLC, FAPA

**TA2**

Unlatched: When Normal Child Development Is Mistaken for a Breastfeeding Problem – Jan Tedder, BSN, FNP, IBCLC

**TA3**

E-CERP! Breastmilk sharing: the professional’s responsibility – Becky Law, RN, MA, IBCLC, ANLC, LCCE, FACCE

**TA4**

Your Hands Are Attached to Your Brain: Hand Expression in the Age of Pumping – Christine Staricka, BS, IBCLC, RLC, CCE

**TA5**

The Role of the Father in Breastfeeding – Jarold (Tom) Johnston, MSN, CNM, IBCLC

**TA6**

11:15am-12:15pm

Getting people to Yes!: Using influence principles to increase breastfeeding success Part 2 – Pam McCarthy, MS, RD

**TB1**

New Horizons in Lactation Support: Supporting LGBTQ Individual’s Infant – Feeding Goals Glenda Adams, RN, IBCLC

**TB2**

More Than Mechanics: IBCLC Strategies to Help the Multi-Tasking Mother of Multiples – M Karen Gromada, MSN, RN, IBCLC, FILCA & Delores Keith, IBCLC, RLC

**TB3**

Go With the Flow: Employed and Breast-feeding – Nancy Register, FNP-BC, IBCLC

**TB4**

Birth Consequences: The Impact of Epidurals When Skin to Skin – Kajsa Brimdyr, PhD, CLC

**TB5**

Why Licensure?: How is it going to change the way YOU deliver care, YOUR opportunities, and YOUR pocketbook? – Leah Aldridge, JD, IBCLC, RLC

**TB6**

2:00pm-3:00pm

E-CERP! Foundations of Ethical Lactation Practice – Jane Leach, PhD, RNC-BC, CNE, IBCLC

**TC1**

Feeding Through the Storm: Emergency Preparedness Strategies to Support the Breastfeeding Dyad – Jennifer Russell, MSN, RN, CCRN-K, IBCLC, RLC, CHEP

**TC2**

Infant Feeding and Oral Biomechanics – What DO we know? – Jimi Francis, PhD, IBCLC, RDN

**TC3**

Tested Tools to Support Hospitals in Achieving the Ten Steps to Successful Breastfeeding – Kathy Parry, MPH, IBCLC, LMBT

**TC4**

Baby-Friendly Practices and Infant Safety: Finding the balance – Debi Ferrarello, MSN, MS, RN, IBCLC, NE-BC

**TC5**

The “New” Normal Newborn = Clueless! – Gini Baker, RN, MPH, IBCLC

**TC6**

3:30pm-4:30pm

Therapeutic Breast Massage in Lactation: HAND-ling the Pain – Maya Bolman, RN, BA, BSN, IBCLC

**TD1**

More Than Reflexes: Integrating Precepts from Breastfeeding Science and Kinesiology, the Study of Human Movement, Motor Learning, and Motor Control – Debra Swank, RN, BSN, IBCLC

**TD2**

Breast Pumps: Evaluating Effectiveness of Specific Brands and Models – Dee Kassing, BS, MLS, IBCLC, RLC

**TD3**

Take the Hassle Out of Critiquing, Evaluating, and Incorporating Evidence into Practice – Genae Strong, PhD, CNM, RNC-OB, IBCLC, RLC, CNE

**TD4**

Community Lactation Consulting: Tools for Planning and Building Your Outpatient Practice – Ellen Chetwynd, PhD, MPH, BSN, IBCLC, Rebecca Costello, MPH, IBCLC, & Nicola Singletary, MAT, IBCLC

**TD5**

Out of the Wolf’s Den: Supporting breastfeeding for the victim of childhood sexual abuse – Carole Peterson, MS, IBCLC & Kathleen Huggins, RN, MS, IBCLC

**TD6**

4:45pm-5:45pm

E-CERP! Lactation Research Ethics: Conducting IRB Friendly Research Ellen Lechtenberg, MPH, RD, IBCLC

**TE1**

Jaundice: Simplified for Increased Compliance Gini Baker, RN, MPH, IBCLC

**TE2**

Breastfeeding Babies with Congenital Torticollis Cathy Watson Genna, BS, IBCLC

**TE3**

Understanding and Addressing Acute Stress Disorder: Promoting Informed Decision-making in the NICU M Jane Heinig, PhD, IBCLC

**TE4**

The Effects of Prolonged Skin-to-Skin Care on Infants at Risk for Hypoglycemia Karen Stanzo, RN, MSN, IBCLC

**TE5**

New Notions in Nursing: How Parents are Breastfeeding Outside the Box Alyssa Schnell, MS, IBCLC

**TE6**

## Friday, May 5, 2017 -- 6.5 CERPs

6:50am- 7:50am	Breakfast/Round Tables				
7:00am-5:00pm	Exhibit Hall open				
<b>8:00 am - 9:30 am    <i>Dr. Clifton Kenon Jr., DNP,MSN, RN, IBCLC</i></b>					
<b>Title: Continuing the Conversation on Racism, Diversity and Lactation</b>					
<b>Description:</b> This session will provide a critical lens on the current state of diversity and equity in the field of lactation. Utilizing audience interaction and mobile technology, lactation consultants will have the opportunity to participate in a crucial conversation about the past, present, and future of the lactation profession, particularly focused on issues of equity. This session will focus on overcoming barriers and producing strategies that strengthen the profession and ultimately improve disparities in lactation and maternal child health. This session will require reflection, critical self analysis and commitment to improvements, and is designed to discuss actionable solutions.					
9:30am-10:00am	Break				
10:00am-11:00am	Breakouts				
11:00am-11:15am	Break				
11:15am-12:15pm	Breakouts				
12:15pm-1:45pm	Lunch/Special Interest Groups - Including USLCA Chapters!				
1:45pm-3:15pm	USLCA Annual General Meeting and Awards				
3:15pm-3:45pm	Break				
3:45pm-4:45pm	Breakouts				
4:45pm-5:00pm	Break				
5:00pm-6:00pm	Breakouts				
5:00pm-7:00pm	Exhibitor Moveouts				
7:00pm-9:00pm	CINCO DE MAYO PARTY				
<div><div>Breakout Sessions</div></div>					
10:00am-11:00am					
Tongue-tie got you Tied Up in Knots?: Panel Discussion by the experts Part 1 – <i>Alison Hazelbaker, PhD, IBCLC, FILCA, CST, RCST, PPNE, Annette Skowronski, DDS, FAGD &amp; Cathy Watson Genna, BS, IBCLC</i> <b>FA1</b>	Breastfeeding Policies to Reduce Disparities and Promote a Healthy Weight Among 0-5 Year Old Latino Children – <i>Amanda Merck, MPH</i> <b>FA2</b>	Infants with Feeding Difficulties: A Look at High Risk Populations – <i>Amber Valentine, MS, CCC-SLP, BCS-S, IBCLC</i> <b>FA3</b>	Clinical Internships? Yes, you can! – <i>Vergie Hughes, RN, MS, IBCLC, RLC, FILCA &amp; Angela Love-Zaranka, BA, IBCLC, RLC</i> <b>FA4</b>	Gen Y Learns Breastfeeding through Cell Phones, Texting and YouTube – <i>Meg Beard, MPH, MCHES, RDN, IBCLC</i> <b>FA5</b>	Safe and breastfeeding compatible oral behaviors for the infant receiving a bottle – <i>M Karen Gromada, MSN, RN, IBCLC, FILCA</i> <b>FA6</b>
11:15am-12:15pm					
Tongue-tie got you Tied Up in Knots?: Panel Discussion by the experts Part 2 – <i>Alison Hazelbaker, PhD, IBCLC, FILCA, CST, RCST, PPNE, Annette Skowronski, DDS, FAGD &amp; Cathy Watson Genna, BS, IBCLC</i> <b>FB1</b>	#thestruggleisreal: How to Build Understanding and Empathy with Millennial Families – <i>Amber McCann, IBCLC &amp; Jeanette McCulloch IBCLC</i> <b>FB2</b>	Enhancing breastfeeding support in WIC by increasing IBCLCs – <i>Carole Peterson, MS, IBCLC</i> <b>FB3</b>	Food Sensitivities In The Breastfed Baby: Optimizing Prevention and Treatment Through Maternal Diet – <i>Lindsey Reeves, MS, RD, LDN, IBCLC</i> <b>FB4</b>	Pasteurized Donor Human Milk (PDHM) as a Cultural Change Agent in the NICU – <i>Lisa Brock, RN, BSN, IBCLC, RLC</i> <b>FB5</b>	Galactagogues: The good, the bad, and the often unnecessary – <i>Tiffany (Tipper) Gallagher, BA, IBCLC, RLC</i> <b>FB6</b>
3:45pm-4:45pm					
Breastfeeding and The Speech Pathologist's Role – <i>Ellen Carlin, M.S.CCC-SLP, IBCLC</i> <b>FC1</b>	E-CERP! Deconstructing online messaging: Ethical considerations – <i>Barbara Robertson, BA, MA, IBCLC, RLC</i> <b>FC2</b>	The Marijuana Dilemma – a “Recreational” Drug for the Breastfeeding Mother? – <i>Frank Nice, RPh, MS Pharm, MPA, DPA, CPHP</i> <b>FC3</b>	The Jaw Bone's Connected to the Neck Bone: Application of Infant Physiology and Cranio-Sacral Therapy to the Support of Lactation – <i>Ellen Chetwynd, PhD, MPH, BSN, IBCLC</i> <b>FC4</b>	Understanding Coding, Documentation and Billing for IBCLCs – Strategies to Get Paid in Any Setting – <i>Donna Sinnott, IBCLC</i> <b>FC5</b>	Human Milk Synthesis: Just when you thought you knew – <i>Jarold (Tom) Johnson, MSN, CNM, IBCLC</i> <b>FC6</b>
5:00pm-6:00pm					
E-CERP! Are they or are they not Code compliant? 10 steps to assess Code status – <i>Marsha Walker, RN, IBCLC</i> <b>FD1</b>	Looking on the Inside: Neural Correlates of Learning and Forgetting – <i>Debra Swank, RN, BSN, IBCLC</i> <b>FD2</b>	When Feelings Get in the Way: Caring for the Neonatal Abstinence Syndrome Family – <i>Glenda Dickerson, MSN, RN, IBCLC</i> <b>FD3</b>	Help! What to do when the baby has not latched onto the breast yet or is not sucking effectively – <i>Kay Hoover, M Ed, IBCLC, RLC, FILCA</i> <b>FD4</b>	Impact of neonatal cardiac surgery on breastfeeding: a prospective longitudinal study on feeding in the first year of life – <i>Rachelle Lessen, MS, RD, IBCLC</i> <b>FD5</b>	Survive and Thrive! Overcoming Breastfeeding Challenges for Late Preterm Infants – <i>Sandra Cole, RNC, IBCLC</i> <b>FD6</b>

## Saturday, May 6, 2017 -- 4.5 CERPs

6:50am- 7:50am | Breakfast/Round Tables

**8:00 am - 9:00 am** | *M. Jane Heinig, PhD, IBCLC*

**Title:** **The Secrets of Baby Behavior: Promoting positive interactions between parents and their infants.**

**Description:** In collaboration with California WIC, Dr. Heinig and her colleagues at the UC Davis Human Lactation Center developed and tested the innovative “Baby Behavior” intervention which is now being used by more than 35 state WIC agencies. The program is designed to improve infant and toddler feeding practices by supporting parents to have more realistic expectations for their children’s behavior. The intervention has been adapted for use in hospitals, home visiting programs, and public health nursing. Ongoing projects include adaptation and evaluation of the intervention for pediatric offices and childcare settings as well as expansion of the messages to include behaviors in children up to 2 years of age. Dr. Heinig will provide an overview of the intervention as well as evaluation outcomes from current and past projects.

**9:00 am - 10:00 am** | *Alison M. Stuebe, MD, MSc*

**Title:** **Perinatal Mood and Breastfeeding**

**Description:** It’s conventional wisdom that breastfeeding increases bonding and reduces risk of postpartum depression. However, the evidence suggests that it’s complicated: depression symptoms are less prevalent among women who breastfeed successfully, but that it doesn’t follow that breastfeeding prevents depression. It may be that depression prevents successful breastfeeding, or that breastfeeding problems precipitate depression. Furthermore, recent research suggests that differences in maternal response to the hormone oxytocin may play a role both in depression symptoms and breastfeeding difficulties. In this talk, Alison Stuebe, Distinguished Scholar of Infant and Young Child Feeding at the Gillings School of Global Public Health, will review what’s known and unknown about depression and breastfeeding, and discuss strategies for enabling mothers with mood disorders to achieve their infant feeding goals.

10:00 am - 10:30 am | Break

**10:30 am - 12:00 pm** | *BRIGHT SPOTS*

**Title:** **Operational Needs? Find Ideas, Energy and Hope: A Look at Problem Solving and Solutions in the New Age of Lactation**

**Description:** In a world where we all wear many hats, have expansive job descriptions, and tight budgets, it can be hard to see the light at the end of the tunnel. Want to pick the brains of some of your colleagues who seem to have found the key to it all? Go home motivated to conquer it all after this energetic and hope filled final session where we will take a look at the bright spots in lactation across a variety of practice settings.

# United States Lactation Consultant Association 2017 CONFERENCE REGISTRATION
